Subject: RE: New-Indy's Response to EPA 114 Letter

New Indy Team,

Now that we have received the response to the most recent Section 114 request, please begin reviewing the information submitted to help determine the completeness of the response and to get a sense of the information we have actually received. Please also think about how the responsive information may be divided up for the most efficient review and analysis amongst the team, as well as strategies to expedite the review and compliance determination. I am planning to set up a meeting for this Wednesday to discuss and help formulate a plan of action.

Is somebody downloading the information from the link below to the appropriate CBI and non-CBI folders on SharePoint?

Thanks,

Jason
